

# Evolution<sup>®</sup> VerticalMouse<sup>™</sup> C series

The patented ergonomic shape supports your hand in an upright neutral posture that eliminates forearm twisting. Many users said the Evolent VerticalMouse provides superior comfort and even relieved their wrist pain.

#### Great fit and relaxing grip

The new shape is even more relaxing to grip and fits the hand even better than before. A larger lip better supports the last finger.

#### Adjustable laser sensor

A pointer speed button behind the wheel allows convenient adjustment without even changing your grip on the mouse.

#### Pointer speed indicators

Top mounted LEDs indicate selected pointer speed from low to high.

#### Lighted Evoluent logo

Pure eye candy. The illumination turns off when the system is in sleep mode to conserve notebook battery power.

#### Powerful ergonomic software

Mouse Manager software enables configuring 5 buttons for performing many actions without moving the mouse or touching the keyboard.

#### PC

- Includes driver for Windows XP, 7, 8, 10 for programming 5 buttons.

#### Mac

- Includes Mac driver for programming 5 buttons.

#### Linux

- Fixed button functions without a driver. Third party drivers are available for some versions of Linux.

VerticalMouse C Right (VMCR)

VerticalMouse C Right Wireless (VMCRW)

VerticalMouse C Right Wireless Gold (VMCRWG)

## Relax Your Wrist<sup>™</sup>

"Our employee will be out on leave until we get a replacement [VerticalMouse] ..."

Kara Campbell, Care Coordination Analyst

"I have already begun to heartily recommend the use of the Vertical Mouse 2 to my Occupational Medicine colleagues and to my patients"

Alan C. Bean, MD

"Within minutes of using the vertical mouse, I felt immediate relief. The design of the mouse puts the forearm in a completely neutral position"

Peter Polack, MD

"In every case the user was feeling better and wanted an Evolent permanently."

Scott Branstetter, Environmental Health and Safety Manager

"I have specified and recommended the Evolent many times since discovering it and have had great success with your mouse in reducing discomfort for mouse users"

Robert Stuthridge, Senior Ergonomist
