

# Advance 2.0

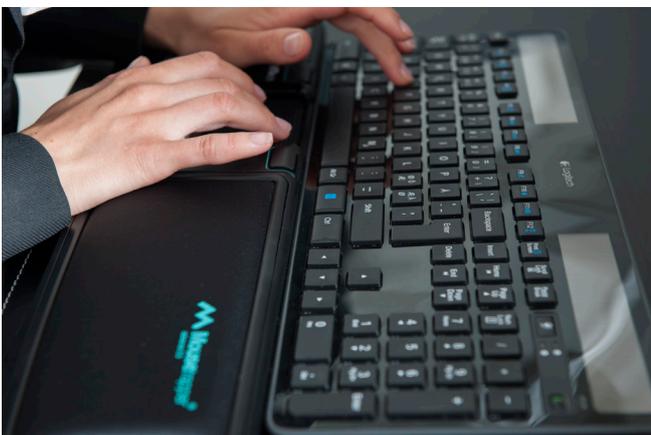

Advance 2.0 is our top seller and comes in two versions with stylish accent colours: white or turquoise. Advance 2.0 relieves and prevents repetitive strain injuries and other problems that can occur when you use a conventional mouse.

## Benefits of Advance 2.0

Advance 2.0 is our top seller and comes in two versions with stylish accent colours: white or turquoise. A total of six programmable buttons give you plenty of options for setting up your MouseTrapper exactly the way you want. Download the MT Keys software, which lets you easily reconfigure all the button functions, add standard texts, create user profiles and much more. MT Keys is available for both Mac and PC. Advance 2.0 has a folding keyboard support, which makes it equally compatible with new low-profile keyboards and higher-profile standard keyboards.

## Key features

- Super-slim, ergonomic design
- Accent colours in white or turquoise
- Control pad with click and scroll functions
- 6 programmable buttons for customisation to your own needs, using MT Keys
- Replaceable wrist supports
- Height adjustment with folding non-slip surface
- 2000 dpi

## Advance 2.0

Because Mousetrapper is positioned centrally in front of the keyboard it encourages an ergonomically healthy position that keeps your arms close to your body and your hands near the keyboard.

This helps you avoid and in many cases relieve strain injuries that can arise from over-stretching your arm, as you do with a conventional mouse. It eliminates the need to stretch beyond the keyboard while using the mouse. The wide, cushioned wrist supports also relieve strain on your neck, shoulders, arms and wrists.

### Mousetrapper's unique control pad

By placing your index, middle and ring fingers on the roller pad you can control the cursor with simple movements as the roller pad moves smoothly in two dimensions. You can also click anywhere on the roller pad.

### Tips for better posture and ergonomics:

- Adjust your chair so that your feet are supported on the floor and keep your back straight while you are sitting.
- Keep your arms close to your body while working.
- Rest your arms on wrist supports or your desk.
- Vary your working position; use a stand-and-sit desk to alternate between standing and sitting.
- Position the screen at a comfortable distance that does not put strain on your eyes or neck.
- Avoid repetitive strain injuries (RSI) by reviewing your choice of mouse.

### Facts

- Width: 18.8 inch
- Height: 0.8 inch
- Depth: 4.3 inch
- Weight: 1.4 lbs
- Product code: White MT112
- Product code: Turquoise MT113
