

# PRO 952<sup>®</sup>

Art. PRO 952

**SCORE<sup>®</sup>**  
seats to suit

**UPC CODE:**

- A **highly user-friendly** single foot-operated adjustment mechanism that requires only a slight tap of the orange button. Press it down, let the board come up whilst keeping your foot or feet on top of the board. To lower the board, push the button and press the board down with your legs with very little force. Take your foot off the button to lock the height in position.
- **Easily adjustable** to the right height for you, between 3.15" – 11.8" ( 8 – 30 cm)
- **Optimum freedom of movement** thanks to the footboard's tilt angle to get the position that is most comfortable for you
- **Non-slip feet**, suitable for every type of floor
- **Non-slip footboard**, 17.3" x 12.6" (WxD) (44 x 32 cm), for optimum comfort (as per **DIN 4556**)
- Can carry a weight of up to **220 Lbs** (100 kg)
- Quality that translates into a **5-year guarantee**
- **99% recyclable** thanks to Score's careful selection of materials
