

## **New partnership! - *Modtec Industries // Integ***

Prestige International is excited to announce that it is now the U.S. and Canadian exclusive distributor of the Integ range of monitor arms from *Modtec Industries*. Modtec Industries // Integ- yet another award winning ergonomic office & home solution product line that specializes in an array of versatile monitor arms including the Blade Dynamic monitor arm which Ergonomists have rated 10 out of 10.

Integ offers workspace productivity tools, including a unique line of modular LCD monitor arms. Integ's innovative, flexible approach enables users to configure solutions to specifically meet their needs, now and in the future.

Marc Bruh, CEO of Prestige International, said that "We are very excited to be partnered with Modtec and their award winning line of monitor arms. We have been searching for a few years for the right Monitor Arm manufacturer to have join our team and our network and the wait was well worth it. With their new Blade line of LCD Arms and innovative products, Prestige is able to continue to bring our resellers the best product in the market in each specific product category. "

Bruce Davies, Managing Director & founder of Modtec, said that " the Modtec team is excited about this new partnership with Prestige and we look forward to showing our range of Integ monitor arms at ErgoExpo in December 2013"

### **About Modtec:**

Modtec is a manufacturer and designer of the Integ range of workspace productivity tools. Designed & engineered in New Zealand, the Modtec difference lies in a range of modular components, which come together to deliver unique mounting solutions. This Lego styled approach drives from a design philosophy from idea to product installation.
