3

5 different height settings: height range at back: 11-24 cm

Patented: integrated inline document holder, increases data input speed

Ultra mobile: lightweight, completely foldable, fits in any notebook case

High quality: Hylite aluminium, rubber anti-slip feet and protective foam inside results in a rigid workstation

Design classic: winner of Ergonomics Excellence, Dutch Teleworking and Good Industrial Design Award

Suitable: for all laptops up to 17 inch

Specifications

Dimensions: 230 x 9 x 310 mm

Weight: 430 g

Product code: BNEQ220

Health & Safety Regulations

By European legislation, employers are obliged to take proper measurements to prevent physical discomfort among their employees. Separate from the screen the keyboard needs to have the ability to both tilt and move freely to allow a comfortable working position thus avoiding fatigue in the arms and hands. In addition one must be able to increase the height of the screen by placing a support underneath the monitor. The document holder should be stable, adjustable, and positioned so as to minimize uncomfortable head and eye movements. These guidelines do not only apply to desktop computers but also to laptop computer stations.
