

'integrated' notebook stand

## Flex-Top 270

### Research

Recent scientific studies in the Netherlands and Sweden have shown that working with a laptop stand in combination with an external keyboard and mouse results in: 17% increased productivity, 21% increased comfort and 32% decreased neck torque (Lindblad 2003).

1

1. Your ergonomic workplace

2. Ultra light

3. Integrated with laptop

**Money saver:** no external monitor is needed and desk space is saved

**Material:** Hylite (light aluminium) and protective rubber feet.

**Suitable:** for all laptops up to 16,6 inch

### Specifications

Dimensions: 300 x 6 x 275 mm

Weight: 320 g

Product code: BNEFT270

### Health & Safety Regulations

By European legislation, employers are obliged to take proper measurements to prevent physical discomfort among their employees. Separate from the screen the keyboard needs to have the ability to both tilt and move freely to allow a comfortable working position thus avoiding fatigue in the arms and hands. In addition one must be able to increase the height of the screen by placing a support underneath the monitor. The document holder should be stable, adjustable, and positioned so as to minimize uncomfortable head and eye movements. These guidelines do not only apply to desktop computers but also to laptop computer stations.
