

Follow these 5 steps to install and enjoy your HandShoe Mouse

1. Check that your box contains:

- HandShoe Mouse
- USB micro antenna (dongle)
- USB charger cable
- These instructions
- Protective pouch (to protect your HandShoe Mouse during transport).

2. Install the wireless HandShoe Mouse following these steps:

- Plug the micro antenna into an available USB port of your computer, keyboard or display
- Click one of the operating buttons of the HandShoe Mouse

Click

Support

3. Set your cursor speed to medium

- Watch the second video on www.handshoemouse.com/faq.html and follow instructions

4. Read the Do's and Dont's

- Read and follow the instructions on www.handshoemouse.com/tips.html
- Sit relaxed, adjust your backrest to an angle of around 110°
- Support your forearm on your arm rest and/or the desk, to relax neck and shoulders
- Adjust your screen height to enable a relaxed upright head position
- You only need a small space to work with your HandShoe Mouse, Ø 21 cm / Ø 8.5 inch

5. Enjoy the HandShoe Mouse and feel the difference!
